***Quayle Action***

1. This application is in condition for allowance except for the following formal matters.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

***Claim Objections***

2. Claims 1-6, 14-16, 19 and 20 are objected to because of the following informalities.

Appropriate correction is required.

It is not clear as to how the method of claims 1 and 14 are performed by merely providing the listed elements, where it is also not clear as to how the elements are interconnected to each other to perform the claimed method. Claims 1 and 14 should be amended so as to more clearly define the steps. For example, the steps defined in the claims may be changed as the following: “providing a target” may be changed to “providing a target that is struck by the supply of toner laden carrier”; “providing a filter” may be changed to “providing a filter that filters the supply of toner laden carrier that struck the target; and “providing an impeller” may be changed to “providing an impeller that transports the supply of toner laden carrier”.

***Allowable Subject Matter***

3. Claims 1-7 and 9-20 are allowed.
